

Leibniz Plant Biochemistry Symposium on Plant Cell Walls 2020

Thursday 14 May 2020 - Friday 15 May 2020

IAMO Halle

Program

Thursday 14 May

17.00

Welcome address by Steffen Abel

17.05-18.00

John Ralph, Wisconsin Energy Institute, Madison, USA
Redefining and Redesigning Lignin

Friday 15 May

9.00-9.45

Bernard Henrissat, Marseille University, FR
Diversity of Carbohydrate-Active Enzymes and of their Substrates

9.45-10.30

Simon Turner, University of Manchester, UK
title tba

10.30-11.00 coffee break

11.00-11.45

Anja Geitmann, McGill University, Montreal, CAN
title tba

11.45-12.30

Staffan Persson, Melbourne University, AUS
title tba

12.30-14.00 lunch

14.00-14.45

Marie-Christine Ralet, INRA, Nantes,FR
Plant Cell Wall Architecture, a Matter of Interaction: Focus on Pectin

14.45-15.30

Yoselin Benitez-Alfonso, Leeds University, UK
title tba

15.30-16.00 coffee break

16.00-16.45

Antonio Molina, CBGP, Madrid, ES
title tba

16.45 Closing remarks and farewell
